

## 34th ESLAB Symposium

## Call for Papers

Name:	Marcia Neugebauer				
Organisation:	JPL, California Institute of Technology				
Address:	MS 169-506 Jet Propulsion Laboratory 4800 Oak Grove Drive Pasadena, CA 91109				
Country:	USA				
Telephone:	818-354-2005				
Fax:	818-354-8895				
e-mail:	mneugeb@jplsp.jpl.nasa.gov				

Title of Paper: Symposium Summary

This Symposium has two principal themes: (1) the change of the heliosphere as seen by Ulysses between low and high levels of solar activity and (2) the consistency of the Ulysses observations with theoretical expectations. Within this context, I will try to highlight some of the things I have learned from the presentations of the five foregoing

Abstract: sessions.
